

PRODUCT INFORMATION SHEET

BARGELLO LINEN SANDSTONE

BARGELLO LINEN SANDSTONE

Hard wearing mid
grey sandstone
with small dark
grey particles

Linen finish
creates a smooth,
lightly textured
surface with a
square edge

Commercial and
domestic projects

External paving
and internal
flooring

Harmonised Technical Specification EN12058:2004	
Name	Bargello
Petrography (EN12407)	Sandstone
Description	Grey
Country of Origin	Italy
Colour	Grey with dark particles
Finish	Linen
Apparent Density (EN1936)	2510kg/m
Open Porosity (EN1936)	7.1% vol
Compressive Strength (EN1926)	97.2MPa
Flexural Strength (EN12372)	9.8MPa
Abrasion Resistance (EN14157)	23.5mm
Frost Resistance (EN12371)	Frost resistant

BARGELLO LINEN SANDSTONE

Bargello Linen is a mid-grey sandstone with small dark grey particles giving it a unique appearance with minimal colour variation. The linen finish reveals mica particles which reflect light and produces a smooth, lightly textured surface and with a square edge. It has good slip resistance and is easy to maintain.

Bargello Linen Sandstone is a hard wearing stone and can be used in commercial and residential projects. With low porosity and good frost resistance, Bargello can be used to create a seamless transition when used inside and out, and is suitable for use with under floor heating.

Bargello is quarried in the Tuscan region of Italy and has been used for centuries to construct some of the finest buildings in Central Italy, including the Bargello National Museum.

Belvedere Stone

Belvedere Stone is part of the Lovell Stone Group, a family run company that is passionate about stone. The group own 5 quarries in the UK and produce building stone, architectural masonry, flooring and paving. We have used our expertise as Quarry Masters and Masons to source stone from quarries around the world with an undisputed heritage and proven resilience. Our masons have developed surface finishes for each stone to enhance their natural beauty.
